**Axalta Releases Fourth Quarter and Record Full Year 2025 Results**

PHILADELPHIA, PA, February 10, 2026 - Axalta Coating Systems Ltd. (NYSE:AXTA) ("Axalta"), a leading global coatings company, announced its financial results for the fourth quarter and full year ended December 31, 2025.

"We delivered record earnings in 2025, demonstrating the resilience of our business and the successful execution of our 2026 A Plan in the midst of a challenging macro environment," said Chris Villavarayan, Chief Executive Officer and President of Axalta. "We are building top line momentum, and our 2025 Adjusted EBITDA margin was 22%—one of the highest in the company's history and 100 basis points above our A Plan target.

"Looking ahead, we will continue to leverage the strong foundation we've established to drive further improvement in our financial performance. Axalta's balance sheet is strong, and we believe our proven portfolio and ability to navigate any operating environment will enable us to deliver meaningful value to shareholders as we prepare for our next chapter with AkzoNobel."

**Fourth Quarter 2025 Highlights**

- Fourth quarter net sales of \$1,262 million
- Net income of \$60 million with net income margin of 4.8%
- Adjusted EBITDA of \$272 million
- Adjusted EBITDA margin of 21.5%, a 50 basis point increase year over year
- Diluted EPS of \$0.28 and Adjusted Diluted EPS of \$0.59
- Record fourth quarter cash provided by operating activities of \$344 million
- Record fourth quarter free cash flow of \$290 million

**Fiscal Year 2025 Highlights**

- Full year net sales of \$5,117 million
- Net income of \$379 million with net income margin of 7.4%
- Record full year Adjusted EBITDA of \$1,128 million
- Adjusted EBITDA margin of 22.0%
- Diluted EPS of \$1.74
- Record Adjusted Diluted EPS of \$2.49
- Record cash provided by operating activities of \$649 million
- Free cash flow of \$466 million

**Fourth Quarter 2025 Consolidated Financial Results**

Fourth quarter 2025 net sales decreased 4% year over year to \$1,262 million primarily reflecting lower volumes from a challenging economic environment, partially offset by favorable foreign currency translation and positive price-mix in Mobility Coatings.

Net income was \$60 million, resulting in a net income margin of 4.8% compared to \$137 million in the prior year period. The decrease was driven primarily by higher income tax expense, lower net sales, and increased merger and acquisition related costs. These increased expenses were partially mitigated by reduced selling, general and administrative (SG&A) expenses and lower interest expense. Income tax expense was \$57 million higher this year due to a one-time deferred tax benefit recognized in the fourth quarter of last year and an increase in a valuation allowance in the fourth quarter of this year.

Adjusted net income was \$128 million, down slightly from the prior year. Adjusted EBITDA was \$272 million and Adjusted EBITDA margin expanded by 50 basis points year over year to 21.5%. Diluted EPS was \$0.28 compared to \$0.63 in the prior year period. Adjusted Diluted EPS was \$0.59 compared to \$0.60 in the prior year period.

Cash provided by operating activities was a fourth quarter record of \$344 million, an increase of \$110 million when compared to the same period last year. Free cash flow was also a fourth quarter record totaling \$290 million, an increase of \$113 million year over year. The year-over-year increase in free cash flow was driven primarily by improved working capital led by strong cash collections and lower interest and tax payments.

#### **Discussion of Segment Results**

Performance Coatings had fourth quarter net sales of \$791 million, a 6% decrease from last year. Lower net sales volume in North America and Europe were partially offset by favorable foreign currency translation. Refinish net sales declined 7% year over year to \$509 million, mainly due to reduced claims activity and customer inventory dynamics in North America. Industrial net sales decreased 5% year over year to \$282 million as lower industry activity outweighed favorable foreign currency impacts.

Performance Coatings segment generated Adjusted EBITDA of \$180 million in the fourth quarter compared to \$198 million in the prior year period. Adjusted EBITDA margin was 22.8% in the fourth quarter of this year compared to 23.5% last year. The decline in sales volumes and unfavorable price-mix was partially mitigated by reduced fixed operating expenses, improved foreign currency translation and lower variable costs.

Mobility Coatings fourth quarter net sales was \$471 million, representing a 1% increase compared to the previous year. The increase was primarily attributable to positive price-mix and favorable foreign currency translation, which offset volume declines in North America. Light Vehicle net sales were up 1% year over year, supported by positive price-mix offsetting lower volumes on North America and Europe. Commercial Vehicle net sales remained flat year over year at \$99 million. Net sales held steady due to favorable foreign currency and positive price-mix, which offset lower Class 8 truck production on a year-over-year basis.

Mobility Coatings achieved Adjusted EBITDA of \$92 million for the quarter, marking a fourth quarter record for the segment, with Adjusted EBITDA margin of 19.4%, an improvement of 300 basis points year over year. The improvement was attributed mainly to positive price-mix and cost-saving initiatives that resulted in lower operating expenses year over year.

#### **Fiscal Year 2025 Consolidated Financial Results**

For the full year 2025, net sales were \$5,117 million, a decrease of 3% compared to the previous year. Volume declines primarily in North America were partially offset by incremental business wins, favorable foreign currency translation and positive price-mix in three out of the four businesses.

Net income for the full year totaled \$379 million, a decrease of \$12 million over 2024 with net income margin holding steady at 7.4% on a year-over-year basis. The decline in net income primarily reflects the impact of lower volumes and higher income tax expense, partially offset by a 5% reduction in SG&A expense, lower interest expense, and reduced variable costs compared to last year.

Adjusted net income improved by \$22 million year over year to \$540 million. Adjusted EBITDA reached a record of \$1,128 million. Adjusted EBITDA margin improved 80 basis points to 22.0% driven by operational excellence and strong cost management. Diluted EPS declined by 2% to \$1.74 while Adjusted Diluted EPS improved by 6% to a Company record of \$2.49.

#### **Capital Allocation**

Axalta ended 2025 with the lowest net debt to trailing twelve-month ("LTM") Adjusted EBITDA ratio in Company history at 2.3x. In the quarter, the Company prioritized gross debt reduction, paying down \$204 million against its term loan. Cash and cash equivalents at year end were \$657 million, and total liquidity was over \$1.4 billion.

Cash provided by operating activities totaled \$649 million, an increase of \$73 million, ranking as the highest in Company history. The improvement in 2025 was driven by higher earnings, strong working capital and reduced interest expense, partially offset by an increase in capital expenditures. Capital expenditures were \$196 million compared to \$140 million in fiscal year 2024 with the increase driven by investments in productivity in our manufacturing sites. Free cash flow amounted to \$466 million compared to \$451 million in 2024. In 2025, the Company returned \$165 million to shareholders through share repurchases and paid down \$230 million in gross debt.

### **Announced merger of equals with AkzoNobel, creating a premier global coatings company**

In November 2025, Axalta announced that it had entered into a definitive agreement to combine in an all-stock merger of equals with AkzoNobel creating a premier global coatings company. The merger will combine two highly complementary portfolios increasing global scale and positioning the new company for improved profitability, sizable synergy opportunities and substantial long-term value creation. The transaction remains subject to shareholder and regulatory approvals and other customary closing conditions and it is expected to close in late 2026 or early 2027.

Axalta does not provide a reconciliation for non-GAAP estimates for Adjusted EBITDA, Adjusted Diluted EPS, Free Cash Flow, or tax rate, as adjusted, on a forward-looking basis because the information necessary to calculate a meaningful or accurate estimation of reconciling items is not available without unreasonable effort. See “Non-GAAP Financial Measures” for more information.

### **Cautionary Statement Concerning Forward-Looking Statements**

This release may contain certain forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995 regarding Axalta and its subsidiaries including, but not limited to, our outlook and/or guidance, which includes net sales, net sales growth, Adjusted EBITDA, Adjusted Diluted EPS, Free Cash Flow, depreciation and amortization, tax rate, as adjusted, diluted shares outstanding, interest expense and capital expenditures, statements regarding our previously announced three-year 2024-2026 strategy (the “2026 A Plan”), including the targets thereunder (which are subject to the assumptions set forth in the Strategy Day 2024 Presentation available in the Investor Relations section of our website), statements regarding the proposed merger of equals with AkzoNobel (the “Proposed Transaction”) (including our ability to consummate the Proposed Transaction and realize the anticipated benefits thereof, including increasing global scale, improving profitability, achieving cost synergy savings and long-term value creation), and statements regarding the operating environment in the first half of 2026. Axalta has identified some of these forward-looking statements with words such as “believe,” “will,” “plan,” “target,” “expected,” “prepare,” “initiatives,” “guidance,” “outlook,” and “projection,” and the negative of these words or other comparable or similar terminology. All of these statements are based on management’s expectations as well as estimates and assumptions prepared by management that, although they believe to be reasonable, are inherently uncertain.

These statements involve risks and uncertainties, including, but not limited to, economic, competitive, governmental, including related to any new or existing tariffs imposed by the U.S. and any retaliatory actions from other countries, and technological factors outside of Axalta's control, as well as risks related to the Proposed Transaction with AkzoNobel (including our ability to consummate the Proposed Transaction and realize the anticipated benefits thereof), execution of, and the assumptions underlying, our tariff mitigation strategies, the 2024 Transformation Initiative and the 2026 A Plan, that may cause its business, industry, strategy, financing activities or actual results to differ materially. More information on potential factors that could affect Axalta's financial results is available in "Forward-Looking Statements," "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" within Axalta's most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q filed with the U.S. Securities and Exchange Commission (the "SEC"), Axalta's Annual Report on Form 10-K for the year ended December 31, 2025 to be filed with the SEC on or around February 13, 2026 (the "2025 Form 10-K"), and in other documents that we have filed with, or furnished to, the SEC. Axalta undertakes no obligation to update or revise any of the forward-looking statements contained herein, whether as a result of new information, future events or otherwise.

All fourth quarter and full year 2025 financial information in this release is preliminary, based on our estimates and subject to completion of our financial closing procedures. Final results for the full year, which will be reported in our 2025 Form 10-K, may vary from the information in this release. In particular, until our financial statements are issued in our 2025 Form 10-K, we may be required to recognize certain subsequent events (such as in connection with contingencies or the realization of assets) which could affect our final results.

#### **Non-GAAP Financial Measures**

This release includes financial information that is not presented in accordance with generally accepted accounting principles in the United States ("GAAP"), including Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Diluted EPS, adjusted net income, Free Cash Flow, total net leverage ratio (or "net leverage ratio" or "total net leverage"), tax rate, as adjusted, and Adjusted EBIT. Management uses Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Diluted EPS, adjusted net income, tax rate, as adjusted, and Adjusted EBIT in the analysis of our financial and operating performance because they assist in the evaluation of underlying trends in our business. Management uses Free Cash Flow and total net leverage ratio in the analysis of (1) our liquidity, (2) our ability to incur and service our debt and (3) strategic capital allocation decisions. Adjusted EBITDA, Adjusted Diluted EPS, adjusted net income, and Adjusted EBIT consist of EBITDA, Diluted EPS, net income attributable to common shareholders, and EBIT, respectively, adjusted for (i) certain non-cash items included within net income, (ii) certain items Axalta does not believe are indicative of ongoing operating performance or (iii) certain nonrecurring, unusual or infrequent items that have not otherwise occurred within the last two years or we believe are not reasonably likely to recur within the next two years. Free Cash Flow consists of cash provided by (used for) operating activities less purchase of property, plant and equipment plus interest proceeds on swaps designated as net investment hedges. Total net leverage ratio consists of net debt divided by Adjusted EBITDA, with net debt defined as total debt less cash and cash equivalents. We believe that making the foregoing adjustments provides investors meaningful information to understand our operating results and ability to analyze financial and business trends on a period-to-period basis. The non-GAAP financial measures used by Axalta may differ from similarly titled measures reported by other companies. Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Diluted EPS, adjusted net income, Free Cash Flow, total net leverage ratio, tax rate, as adjusted, and Adjusted EBIT should not be considered as alternatives to net sales, net income (loss), income (loss) from operations or any other financial measures derived in accordance with GAAP. These non-GAAP financial measures have important limitations as analytical tools and should be considered in conjunction with, and not as substitutes for, our results as reported under GAAP. This release includes a reconciliation of certain non-GAAP financial measures with the most directly comparable financial measures calculated in accordance with GAAP. Axalta does not provide a reconciliation for Adjusted EBITDA, Adjusted Diluted EPS, tax rate, as adjusted, or Free Cash Flow on a forward-looking basis because the information necessary to calculate a meaningful or accurate estimation of reconciling items is not available without unreasonable effort. For example, such reconciling items include the impact of foreign currency exchange gains or losses, gains or losses that are unusual or nonrecurring in nature, as well as discrete taxable events. These items are uncertain, depend on various factors and may have a substantial and unpredictable impact on our GAAP results.

#### **Segment Financial Measures**

The primary measure of segment operating performance is Adjusted EBITDA, which is a key metric that is used by management to evaluate business performance in comparison to budgets, forecasts and prior year financial results and that management believes reflects Axalta's core operating performance. As we do not measure segment operating performance

based on net income, a reconciliation of this non-GAAP financial measure with the most directly comparable financial measure calculated in accordance with GAAP is not available.

#### **Defined Terms**

All capitalized terms contained within this release that are not otherwise defined herein have been previously defined in our filings with the SEC.

#### **Rounding**

Certain amounts may not foot or crossfoot due to rounding. Additionally, certain percentages may not recalculate due to rounding.

#### **General Restrictions**

This communication is not for release, publication, or distribution, in whole or in part, in or into, directly or indirectly, any jurisdiction in which such release, publication, or distribution would be unlawful.

This communication is not a prospectus and the information in this communication is not intended to be complete. This communication is for informational purposes only and is not intended to be and shall not constitute a solicitation of any vote or approval, or an offer to buy or sell, or the solicitation of an offer to buy or sell, any securities, or an invitation or recommendation to subscribe for, acquire or buy securities of AkzoNobel or Axalta or any other financial products or securities, in any place or jurisdiction, nor shall there be any offer, solicitation or sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offer of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the U.S. Securities Act of 1933, as amended (the "Securities Act").

Any decision to purchase, subscribe for, otherwise acquire, sell or otherwise dispose of any securities must be made only on the basis of the information contained in and incorporated by reference into the prospectus with respect to the shares to be allotted by AkzoNobel in the Proposed Transaction once published. A prospectus in relation to the Proposed Transaction described in this communication is expected to be published in due course.

The distribution of this communication may, in some countries, be restricted by law or regulation. Solicitations resulting from this communication will only be responded to if the person concerned is a Relevant Person.

#### **Additional Information and Where to Find It**

In connection with the Proposed Transaction between AkzoNobel and Axalta, AkzoNobel will file with the SEC a registration statement on Form F-4, which will include a proxy statement of Axalta that also constitutes a prospectus with respect to the shares to be offered by AkzoNobel in the Proposed Transaction. The definitive proxy statement/prospectus will be sent to the shareholders of Axalta. Each of AkzoNobel and Axalta will also file other relevant documents in connection with the Proposed Transaction. This communication is not a substitute for any registration statement, proxy statement/prospectus or other documents AkzoNobel and/or Axalta may file with the SEC or any other competent regulator in connection with the Proposed Transaction. This communication does not contain all the information that should be considered concerning the Proposed Transaction and is not intended to form the basis of any investment decision or any other decision in respect of the Proposed

Transaction. BEFORE MAKING ANY VOTING OR INVESTMENT DECISIONS, INVESTORS, STOCKHOLDERS AND SHAREHOLDERS OF AKZONOBEL AND AXALTA ARE URGED TO READ CAREFULLY AND IN THEIR ENTIRETY THE PROXY STATEMENT/PROSPECTUS, AS APPLICABLE, AND ANY OTHER RELEVANT DOCUMENTS THAT ARE FILED OR WILL BE FILED WITH THE SEC, AS WELL AS ANY AMENDMENTS OR SUPPLEMENTS TO THESE DOCUMENTS, IN CONNECTION WITH THE PROPOSED TRANSACTION WHEN THEY BECOME AVAILABLE, AS THEY CONTAIN OR WILL CONTAIN IMPORTANT INFORMATION ABOUT AKZONOBEL, AXALTA, THE PROPOSED TRANSACTION AND RELATED MATTERS. The registration statement and proxy statement/prospectus and other relevant documents filed by AkzoNobel and Axalta with the SEC, when filed, will be available free of charge at the SEC's website at [www.sec.gov](http://www.sec.gov). In addition, investors and shareholders will be able to obtain free copies of the proxy statement/prospectus and other documents filed with the SEC from Axalta's investor relations webpage at <https://ir.axalta.com/sec-filings/all-sec-filings> or from AkzoNobel's investor relations webpage at <https://www.akzonobel.com/en/investors>.

The contents of this communication should not be construed as financial, legal, business, investment, tax or other professional advice. Each recipient should consult with its own professional advisors for any such matter and advice.

(h) Represents non-cash amortization expense for intangible assets acquired through business combinations or asset acquisitions.

(i) The income tax impacts are determined using the applicable rates in the taxing jurisdictions in which expense or income occurred and includes both current and deferred income tax expense (benefit) based on the nature of the non-GAAP performance measure. Additionally, the income tax impact includes the removal of discrete income tax impacts within our effective tax rate which were expenses of \$26 million and benefits of \$29 million for the three months ended December 31, 2025 and 2024, respectively, and expenses of \$32 million and benefits of \$19 million for the years ended December 31, 2025 and 2024, respectively. The tax adjustments for the years ended December 31, 2025 and 2024 include the deferred tax benefit ratably amortized into our adjusted income tax rate as the tax attribute related to a January 1, 2020 intra-entity transfer of certain intellectual property rights is realized.
